

## Learn, Enjoy, Succeed

Three words that mean the world to us.

Three words that have been with us from the day we started Bellevue Place  
Education Trust.

Three words that govern all that we do.

As a parent you can expect excellence, both in how we teach and nurture your child. We foster a positive attitude to life, encouraging a 'be interested and be interesting' attitude by providing a rich learning environment full of arts, drama, sport, music and academic rigour.

Bellevue Place children are happy, confident, successful 'all-rounders' who expect to win and achieve in an inclusive setting where children, parents and school staff work together to provide the best. Our commitment to you and your child is that we will teach them to learn, enjoy and succeed both in their school career and beyond.

## Home School Agreement

At Deer Park School we aim to instil a life-long love of learning through our **HEART** values embedded in our curriculum to ensure all our pupils become valuable members of society that we are proud of.

These values are part of our whole school culture.

**HEART** is the acronym that spells out our school values.

**Happiness, Enthusiasm, Achievement, Resilience and Thoughtfulness.**

Deer Park School is a small, diverse community on the outskirts of London. Our curriculum is built from an understanding of this context with the consensus of the school's staff, the school community and the pupils but will always evolve to reflect our school community as we grow. Our ambitious curriculum is everything that happens from Breakfast Club through to Evening Owls and everything in between including trips and visitor for all pupils, including those with special educational needs which includes learning differences, health and physical differences, whilst at school.

This curriculum balances the development of independence and **resilience** with the need for support and nurturing. Thus preparing **thoughtful** pupils for an **enthusiastic** life-long love of learning that comes from the child's own **happiness** and desire to learn. Therefore, our pupils will **achieve** academically, economically and socially.

## THE SCHOOL
